Honeywell's 5808W3 is a 3V lithium powered, photoelectronic smoke/heat detector with a built-in wireless transmitter. It is intended for use with any 5800 Series Wireless Receiver/Transceiver for residential installations (for commercial installations, the 5881ENHC or the 5883H receiver is required).

Wireless Smoke Detectors - security.honeywell.com

Our photoelectric detector's unique optical sensing chamber is engineered to sense smoke produced by a wide range of combustion sources. Intelligent (addressable) detectors include point ID capability that enable each detector address to be set with rotary address switches to provide exact detector locations.
